

Bayou Builders, Louisiana

Hats Off!

Objectives:

- Exercise creative thinking
- Work together to develop a plan
- Listen to instructions
- Trust teammates

Materials:

- One or more hats that would fit any head

Setup:

1) Leave the hat on a table or start it on one student's head

Instructions to Team:

Everyone must wear the hat at some point during the activity. You cannot use your hands to touch the hat at any time. Get creative!

Notes:

The more unique the hat, the more fun and engaging the activity can become. Just about any "one size fits all" hat will work.

If the team has a fun hat that they wear for competition, use of the hat can be a great way to build team spirit and identity.

This activity is a lot of fun in larger groups.
