## Recycled Art

### Objectives:

- Coming to a consensus
- Thinking creatively

### Materials:

- A random collection of recyclable objects
- Tape, glue, pins, etc.

### Setup:

- Leave all the items in the middle of the table

### Instructions to Team:

You have 5 minutes to create a sculpture out of any or all of the materials in front of you. This sculpture should represent your group.

### Notes:

Have the team present their idea at the end.

The goal is for the team to be as creative as possible in using the materials given to them.

They must also reach a consensus of what represents all of them and how it can be represented with the recycled materials.
